

WEST NILE ALERT

The Mayor of Chippewa received the following information related to West Nile Virus. Questions should be forwarded to Steve Mazek (information below)

Mayor Dodaro and Mr. Eppink:

Our office was notified today, by the Ohio Department of Health, that one of our mosquito trapping locations tested positive for West Nile virus. This particular trap is located at 6105 Chippewa Road, just north of the Chippewa Inlet South parking lot. The collection day for the trap was July 2, 2019. In response to this positive pool for West Nile virus, the Medina County Health Department will be increasing our treatment and surveillance of mosquitoes in the Chippewa Lake Village area. Our staff will be increasing larviciding efforts to try and control future mosquito hatches. This will include treating catch basins that hold water, with extended release larvicide tablets and treating accessible marshy areas with a granulated formula larvicide. Large, marshy areas are beyond our ability to treat, but we can treat smaller areas found throughout the Village. It is our recommendation that any efforts already underway by the Village to control adult mosquitoes, such as evening ULV spraying, that these treatments be increased to help aid in reducing the adult population of mosquitoes.

We will begin treatment of the area on Tuesday, July 16, 2019. If you should have any questions or concerns, please let me know.

Steve

NOTE FROM MAYOR DODARO

The Village started twice a week spray on June 29. They spray on Monday and Thursday and will continue at least through August

ADDITIONAL INFORMATION about WEST NILE VIRUS

Symptoms and signs of **West Nile virus** include fever, headache, body aches, skin rash, and swollen lymph nodes. Severe **symptoms** and signs may include stiff neck, sleepiness, disorientation, coma, tremors, convulsions, and paralysis. Most cases of **West Nile virus infection** are mild and go unreported. While pets can contract **West Nile virus** (WNV), the CDC states that only a small number of **dogs** and cats with WNV have been reported. The symptoms are generally confined to a light **fever** and lethargy. ... Stay inside (and keep your pets with you) around dawn and dusk when mosquitoes are often most active.

MISSING DOCK PANELS-REQUEST FROM RESIDENT

We still have quite a few dock panels missing from the flood. Some were found as far south as the beach. If anyone comes across one, it sure would be great to have them back. (note- these are aluminum dock panels) Either return them to 210 Beachside or call Bob Syme at 330-441-1711. We would gladly retrieve them.

FREE MEAL

Chippewa Lake, Ohio: The folks at CrossPointe Community Church serve a free meal, open to anyone who would like to enjoy it, on the last Friday of every month. And this month, we have some perfect summer dishes to serve on the 26th! On the menu..... beef brisket sandwiches, mac and cheese, watermelon, a choice of Mississippi mud pie bars or upside-down banana cake, and a beverage. You don't want to miss this...please...spread the word!!! That's Friday, July 26th from 5:00 to 6:15PM. Come hungry, and see some old friends...or make some new ones! CrossPointe is located at 7230 Lake Road in Chippewa Lake. For more information, call the church office at 330-723-9009. This meal is sponsored in cooperation with the Chippewa Lake Lions Club.

SKI TEAM ANNUAL DINNER SHOW

On Wednesday July 24, Join the Ski Team at Emerald Lake, 3196 Clark Mill Rd, Norton, Oh 44203, for their annual dinner show. This is one of their largest fundraising events of the year. You can have a great dinner and see a professional ski show. For a \$30 (adult) donation, enjoy a 10 oz. strip steak, potatoes, corn on the cob, tossed salad, dinner roll, beverage and dessert. Children's ticket (\$10) includes a hot dog or hamburger, chips, corn, beverage, and dessert. Dinner is served from 5-6:30 PM, with the show starting at 7 PM. Tickets can be purchased through the website www.ChippewaSkiTeam.com They will be held for you at "Will Call".
