

ANNUAL HYDRANT TESTING

Our firefighters will be out in the villages of Chippewa Lake and Gloria Glens testing hydrants. This testing helps ensure your firefighters are knowledgeable about the general water volumes available for firefighting operations, note if there are any major changes from previous tests, at the same time helping them spot hydrants that may require maintenance. Ohio Fire Code requires all hydrants have a minimum unobstructed access of 3 feet on any given side of the fire hydrant. If your water becomes cloudy or discolored please run your cold-water faucets until it is clear.

UPDATES ON PRIDE EVENTS

Our first event of the year, the golf cart parade, was a huge success. There were about 25 participants, the most we have ever had. Everyone seemed to have a great time whether they watched or participated. Thanks to all who helped make it a fun event.

Our next activity on the agenda is **kayaking starting this Sat June, 6th at 9:00am. We will leave from Pt. Park.** This is an activity that we can practice our social distancing and still have fun. Saturday is supposed to be a beautiful day so if you have a kayak we hope to see you there. **We will be kayaking every Sat at 9:00am from Pt Park, weather permitting.**

FOURTH OF JULY

Although some new events may take place, please be aware that the Fourth of July Parade, and the Cardboard Boat Race have been cancelled.

RAMP KEYS , WATERCRAFT STICKERS, PARKS, BEACH

Please note the purpose of the watercraft sticker and boat key are to utilize our Village ramp only and suit no other purpose.

As a reminder, while the lake is public, our watercraft ramp is not. Attempting to put a watercraft in the lake via our ramp without a current Chippewa Lake Village access sticker, giving your key or opening the gate with your key for anyone else, loaning or giving your sticker or key to any other individual will result in revocation of ramp privileges and turning in your ramp key.

Please display your Watercraft Sticker at all times on the back of the transom above the water line, below the watercraft over line and to the right (starboard) side of the watercraft's centerline as you stand in back of the watercraft looking at the transom. The watercraft sticker shall be in clear view without obstruction at all times.

Close and lock the Watercraft Ramp Gate immediately after passing through the gate. Your key cannot be taken out of the lock until the lock is closed or locked. Do not leave the gate open while you load or unload your watercraft from the trailer.

Cars/trucks with watercraft trailers may not be parked in the Lake (Beach) Access Parking Lot or in the Watercraft Launch area for any longer than 15 minutes.

Observed violations of the ordinance should be reported to a Committee Member and the Police.

LAKE ACCESS & PARKING PASSES

Lake Access (beach) passes also remain at their same cost of \$35.00 which includes parking at Lake Access (beach) and all village parks.

BEACH PASS AND KEY RENEWAL

The Lake Access pass will allow you and your family (living at the same address) access to the sand area throughout the season. This pass also allows you to park in the lake access parking lot as well

as any other village parking area. **Please hang your Lake Access Parking Pass on your rear-view mirror at all times while parking at any Village parking lot.**

GUESTS

You may bring guests with you. However, guests cannot purchase a Lake Access pass. The pass holder is responsible for their guest's behavior.

The Park Attendants will have your Lake Access information available at the Lake Access area for confirmation. Registration (sign in) for residents and their guests is required at the entrance. Please note the Park Attendants will not be selling Lake Access passes. More information on parks, as well as applications for all of the above, can be found on the Village website www.chippewalake.net
