

## **HELP FOR CONTESSA'S FAMILY**

Our beloved Contessa's has an emergency. We all know that Contessa's Cieker family has stepped up EVERY time that there has been a community need. Now, we need to help them.

-----Here is their information:

Good morning some of you may know that our 18 yr old daughter has been recently diagnosed with epilepsy. We are struggling to get her seizures under control. While it is a process while the medication builds up in her system she continues to have them daily. With yesterday's event (Huge shout out to [Lafayette Township Volunteer Fire Department](#) for responding to our daughter so quickly, and Lodi Hospital taking great care of her -we are so grateful) . With heavy hearts, we have made the decision to close for a few weeks. So, from today Thursday, May 26 until Tues June 15 (may be longer if needed) we will be closed. For the safety of our daughter and the 100% Customer care you all deserve we feel that is best. For those customers who have had to witness her seizures or been pushed out quickly or the phone dropped on them because she went into a seizure, we truly apologize for that and hope you understand that is not how we do business. We are sorry for any inconvenience this may cause and we hope you all our patient and understanding with us as we figure out this new life style. Thank you all from the bottom of our hearts for your continued prayers, love and support it means the world to us.
