### ELECTRIC and GASOLINE VEHICLE OPERATION IN THE VILLAGE

Please Read Below. Deputy Harhay sent some clarifying information on operating requirements for **"Electric"** Bike/Scooters/Unicycles/Segways from State Highway patrol.

Those various vehicles that have a **"gasoline"** power motor scooters/small motorcycles and etc. must have a license plate and observe all vehicle legal requirements, which would include age of operator.

Thanks for helping keep our village and residents safe.

You can always call Alan at 330-701-7879 if you need additional clarity.

**Subject:** Electric scooters in the Village

I know there have been several questions reference electric scooters / bikes / segway's being rode in the village. Here is the latest from a State Highway patrol Sgt....

I spoke to the Highway Patrol and the Sgt informed me they classify them as scooters for enforcement purposes.

- ORC 4511.214(A)(3), (violation is a MM) says you cannot operate electric scooters on any road with a speed limit higher than 45mph.
- A new section just passed last year requires a sticker from the manufacturer that states, manufacturer, maximum speed and others.
- No license or helmet requirements.
- Private land and private property owners (like the school) can restrict them as well.

As you know all the speed limits inside the Village are well under 45 MPH, which means they ARE legal to ride on the Village streets. Please pass this information forward to other council members / mayor / or other concerned citizens. As always, if you have any questions please don't hesitate to ask.

### **NORTHERN OHIO RAILWAY MUSEUM**

Public operation for 2023 is fast approaching. Starting on Saturday, May 27th you can join us for a trolley ride into the past. Trolley rides will commence on the hour beginning at 11:00 A.M., with the last ride of the day occurring at 3:00 P.M. Fares are as follows: Adults 13 and above \$5, children 6-12 \$2, children 5 and under are free.

Shaker Heights Rapid Transit car 12 was built in Cleveland by the G.C. Kuhlman Car Company. On your ride you are surrounded by the beautiful natural woodwork and brass fixtures. You are seated in vintage rattan seats. Nothing plastic, vinyl or stainless steel like a modern rapid transit car to experience. It is a trip to the past, and you are immersed in it. So join us for a trip back to the trolley era.

Opening on May 27th for the 2023 season. Only 45 minutes from Cleveland and 30 minutes from Akron. See you on the trolley!
