VILLAGE STREETS UPDATE

From Bud Hardesty, Council Member for Streets:

The lower half of Brookshore roadwork has begun. Tree and shrub removal has already started in the right of way. Please look at the schedule (see below) for more detailed information.

1. Property owners will have access to their driveway except during base installation.
2. Base installation prohibits driving on it for seven (7) days. Residents will be notified when that is scheduled to begin.
3. Parking is available at the Point parking lot.
4. Garbage pickup will be maintained. Please take your container to your driveway end and we will help to get it to a common pickup point.
5. Call or text if you have any questions. Bud Hardesty 330.416.3666
