

THEFT

At least 3 kids bikes were stolen from a yard and shed on Parkway Path. These bikes have always been leaning against my garage and in my shed for the past 5 years. Suddenly, 4 of the 5 are gone. 1 is a girls pink and gray huffy mountain bike, 1 is an older black and white huffy boys bike, and 2 are black boys mongoose type bikes. They came into my yard, and locked shed, and stole them within the past 2 nights. Keep your eyes open and houses locked. I have reported this information to the police.
