

## **JULY 4**

Everyone knows that this is the biggest day of the season for our Village. Please be attentive to parking challenges, and lots of children in the area. The rundown of events is as follows:

### **PARADE**

This is a biggie, folks. This is one of the oldest and largest parades in the area! We are looking for all kinds of entries to the Parade, floats and individuals, including the Children's bike group. Children are encouraged to enter their decorated bikes. They will be escorted by adults, with a safety vehicle following them, in case someone gets tired or has a need to "ride" the rest of the way. Drop them off at Gloria Glens Town Hall and pick them up at Lions Club Park after the parade. There are lots of prizes for ALL divisions and entries, and there is still time to plan your entry.

The parade starts on July 4th at 1pm. (check in at Gloria Glens Town hall and line-up at 12pm). Anyone participating in the Parade can catch a ride to the Gloria Glens staging area, from Lions Park (where you can park your car), starting at 11 AM.

The theme is "HAPPY BIRTHDAY- a celebration of Medina County (200 years), and the Lions Club (60 Years). For more information about parade entries, contact Joanne Dodaro, [rdodaro@neo.rr.com](mailto:rdodaro@neo.rr.com)

### **SKI SHOW**

Starts at 5pm – come see the Chippewa Lake Water Ski Show Team perform at the beach.

### **CARDBOARD BOAT RACE**

PRIDE once again sponsors this great event. immediately following the conclusion of the ski show . This is a crowd pleaser, and YOU can be a STAR by preparing a boat to race. Contact Bob Williams , [boatlake@neo.rr.com](mailto:boatlake@neo.rr.com) or get a sign up sheet at Goodman's. Support PRIDE by buying a snow cone during the ski show and boat race.

### **LEARN TO SKI - Cancelled**

Due to the uncertain nature of the algae levels, the team is unable to provide the Learn to Ski this year but looks forward to this event next year!

-----  
**PLEASE NOTE** - all lake / water related activities scheduled for July 4 ( and other dates) are

contingent upon water conditions, as measured by Medina Parks. There is currently a water advisory, based on the most recent tests:

*“All persons and pets are warned to avoid all contact with the water. Boating activity is limited to an idle-speed, no-wake basis.”*

The Parks Department has agreed to do an additional test before July 4, in hopes that conditions have changed to allow water activities. A WATCH bulletin will be issued to update you, as soon as we have information. You can always check the flags for reference ( at the public boat ramp) with the following color coded information:

GREEN- lake open

YELLOW- idle speed only

ORANGE- warning, elevated algae levels

RED- danger, avoid water contact

BLACK- lake is closed

In the event that water conditions are not acceptable for July 4 activities, the boat race, and ski show will be rescheduled to other dates.
